as at February 2019

### IT'S ALL ABOUT YOU!

#### Why join KiwiSaver?

Most of us are likely to live for many years in retirement. If you don't have a savings plan you could end up relying on New Zealand Superannuation alone, and that may not be easy.

KiwiSaver provides New Zealanders with an easy, accessible and transparent way to save for their retirement. It's voluntary but the Government and employers provide some generous incentives to encourage you to get saving.

If you are aged 18 or over, contributing to your KiwiSaver through salary or wages, and mainly living in New Zealand:

- » For every \$1 you contribute the Government will contribute 50 cents (up to a maximum of \$521 for each KiwiSaver year);
- » Compulsory employer contributions of 3% if you are employed; and
- » You may also be eligible for help with buying your first home!

### WHY CHOOSE FISHER FUNDS?

# YOUR INVESTMENT OPTIONS – GIVING YOU FLEXIBILITY

We understand that every investor has different investment goals (and timeframes in which to achieve these) and varying appetites for risk. There are two main investment options for you to choose from:

1. You can choose your own Fund or combination of Funds.
2. You can choose GlidePath – a service that automatically allocates and adjusts your savings to a Fund or combination of Funds based on your age over time.

**If you have been automatically enrolled in the Scheme by Inland Revenue your contributions will be invested automatically in the Cash Enhanced Fund (the Default Fund). You are able to switch any or all of your balance to any of the investment options in the Scheme.**

Need help choosing which investment option is best for you? Answer the questionnaire on our website to find out: [ipq.fisherfunds.co.nz/fftwo](http://ipq.fisherfunds.co.nz/fftwo)
